

Clinical Pharmacology Re-examination Regulation

Medicine II

Department of Pharmacology and Clinical Pharmacology

In order to ensure the proper conduct of the re-examination in the discipline of Clinical Pharmacology, it is necessary to satisfy the following conditions:

1. The re-examination will be on 17.06.2020, at 15:00. It will take place on the Google Meet platform, on the following link: <https://meet.google.com/uiw-frca-onm>
2. Access to the link above will be from 15:00 till 15:15, after which the access will no longer be allowed for students.
3. At 15:15 the test will begin.
4. It is mandatory for students to have the camera turned on in order to be monitored / supervised by teachers.
5. Any student who will not have the camera on / functional will be excluded from the platform, without notice, with the subsequent establishment of the negative grade.
6. Any attempted fraud of the exam will lead to the establishment of a negative grade.
7. The test will include questions selected from the exam tests, posted on the department's website: <https://farmacologie.usmf.md/sites/default/files/inline-files/Clinical%20Pharmacology%20Final%20Test%202019.pdf>
8. One minute is given for each question (100 questions - 100 minutes; 50 questions - 50 minutes). The questions in the test are single choice questions.
9. It is necessary to send the test in time. At the end of the time, any test that has not been sent will be appreciated with a negative grade.
10. Each student assumes the responsibility to satisfy the technical requirements in order to participate at the re-examination.
11. Each international student until the re-examination checks if he has no financial arrears, otherwise the re-examination will not be valid even if it is positive
